INTRODUCTION

APPROACH, CONFIGURATION AND WAY FORWARD

April 2014

Partnership and Resource Mobilisation Office

- *Our vision, mission and aim*

Vision:

- IFAD establishes itself globally as the preferred partner for initiatives and investments to enable smallholders sustainably exit poverty and as a driver for food and nutrition security, and environment and natural resource management.

Mission:

- Strengthen IFAD's outreach and partnership performance and to ensure innovative, efficient, and effective resource mobilization and management.

Our aim is to:

- broker mutually beneficial collaboration with Governments, like minded public and private institutions, communities, local and selected global corporations, and foundations; and
- increase impact on the ground through synergies and mobilization of new resources in favour of smallholders.
