Minutes of the 101st session of the Executive Board

I. Introduction
1. The 101st session of the Executive Board was held in Rome from 14-16 December 2010. A list of delegations is attached as annex I.
2. The Executive Board had before it the documents listed in annex II.

II. Opening of the session
3. President Kanayo F. Nwanze opened the 101st session of the Executive Board.
4. The President welcomed newly accredited representatives to the Executive Board, namely the representative for the Arab Republic of Egypt and the representative for Ireland.
5. The President welcomed the Alternate Permanent Representative of the Republic of Cyprus to the United Nations Food and Agriculture Agencies in Rome who, in accordance with the Rules of Procedure of the Executive Board, attended the proceedings as an observer.
6. Outlining recent developments at the Fund, the President elaborated on, inter alia, the ongoing reconfiguration of the roles and responsibilities of IFAD’s Senior Management team and on the establishment of a Financial Operations Department and a Corporate Services Department. On the global scene, having run through his own and Management’s undertakings with regard to increasing IFAD’s visibility and partnerships, the President touched on the status of IFAD’s debt relief to Haiti, for which pledges continue to be made. He also spoke of the recent developments in Côte d’Ivoire and how IFAD’s recently approved policy for dealing with de facto governments would be implemented in this regard.
7. Finally, the President gave an update on the status of the Eighth Replenishment of IFAD’s resources. While thanking Member States for their diligence in making payments, the President called on those States that have not yet deposited an instrument of contribution against their commitment to do so, asking at the same time that these Members inform IFAD of the expected timing of their payments, as specified in the replenishment resolution. Making these payments within the replenishment period would help to ensure that the programme of work continues undisrupted.

III. Decisions of the Executive Board
A. Adoption of the agenda (agenda item 2)
8. The Executive Board adopted the agenda as proposed in document EB 2010/101/R.1/Rev.1 (to be revised as EB 2010/101/R.1/Rev.2) and further revised to reflect amendments agreed to by the Board; the Board also noted the schedule of work, as outlined in EB 2010/101/R.1/Rev.1/Add.1/Rev.1.
9. Amendments included the following:
   (a) The addition of:
       (i) Brazil: Cariri and Seridó Sustainable Development Project (PROCASE);
       (ii) Guatemala: Sustainable Rural Development Programme in El Quiché; and
       (iii) Guatemala: President’s memorandum: Sustainable Rural Development Programme for the Northern Region – Extension of the time limit for signature of the loan agreement
       to be considered under agenda item 14, project/programme proposals for consideration by the Executive Board.
(b) The addition of two grants (contained in the document on Grants under the global/regional grants window to non-CGIAR-supported international centres (EB 2010/101/R.63)) under the new agenda item 15, namely:

(i) Increasing the Impact of the Africa Enterprise Challenge Fund – Alliance for a Green Revolution in Africa (AGRA); and

(c) The addition of the:

(i) Minutes of the 100th session of the Executive Board; and

(ii) Application for non-original membership of the Fund by the Republic of Hungary.

(d) The addition of two oral updates under agenda item 17, Financial matters, namely on the:

(i) Establishment of the Spanish Food Security Cofinancing Facility Trust Fund; and

(ii) IFAD residence.

(e) The withdrawal of:

(i) Revision of the Financial Regulations of IFAD

(ii) Mongolia: Project for Market and Pasture Management Development; and

(iii) Changes to IFAD’s Investment Policy and Minimum Liquidity Requirement.

10. The representative for Switzerland advised that, in his view, it was inappropriate for the report on staff compensation and entitlements to be discussed in a closed session.

B. **IFAD’s 2011 results-based programme of work and administrative and capital budgets, and the IFAD Office of Evaluation’s results-based work programme and budget for 2011 and indicative plan for 2012-2013 (agenda item 3)**

11. The Executive Board considered IFAD’s 2011 results-based programme of work and administrative and capital budgets, and the IFAD Office of Evaluation’s (IOE) results-based work programme and budget for 2011 and indicative plan for 2012-2013 and its addendum and corrigendum (to be revised as EB 2010/101/R.2/Rev.1), together with the Audit Committee’s review of the programme of work and budgets (EB 2010/101/R.3).

12. During its discussion of the proposed IFAD 2011 results-based programme of work and administrative and capital budgets, the Executive Board commended the ambitious increase in the programme of work and the efficiency gains achieved. The Board also welcomed the fact that more than 61 per cent of the budget will be allocated to country programme development and implementation, thereby reflecting the priorities set out by IFAD’s membership. Furthermore, the Board welcomed and endorsed the Management decision to replace the International Civil Service Commission (ICSC) annual automatic salary increase of 2.1 per cent with a zero per cent annual salary increase in 2011. While stating that further improvements were always possible and should be sought, with regard to the capital budget allocation, the Board recognized that the size of this budget was justified in light of the technology investment needed to achieve further efficiency and effectiveness.

13. With regard to the projected budget for the Consultation on the Ninth Replenishment of IFAD’s Resources, several members of the Executive Board voiced their concern over the amounts budgeted for both the external chair and the external session of the
Consultation. The Board was informed that the cost for the external chair included both the emoluments and the travel and subsistence costs for the duration of the engagement. The Board welcomed the assurance that efforts would be made to achieve savings in this regard. On the question of the external session, the Board recognized that the decision to hold an external session rested with the Consultation itself and expressed a wish for substantial hosting contributions to cover possible costs. Here too, the Board welcomed the commitment to endeavour to achieve savings vis-à-vis the projected budget.

14. The Executive Board approved the programme of work for 2011 at a level of SDR 640 million (US$1,000 million), which comprises a lending programme of SDR 598 million (US$935 million) and a gross grant programme of US$65 million. Furthermore, the Board endorsed the transmittal to the thirty-fourth session of the Governing Council of the:

(a) Administrative budget of IFAD for 2011 in the amount of US$140.59 million;
(b) Capital budget of IFAD for 2011 in the amount of US$15.19 million;
(c) Ninth Replenishment budget in the amount of up to US$2 million, with a commitment to endeavour to achieve a saving in this regard and to report back to the Board in December 2011;
(d) Extraordinary compensatory budget for the 2011 Governing Council in the amount of US$0.49 million; and
(e) Administrative budget of the IFAD Office of Evaluation for 2011 in the amount of US$5.88 million.

15. The Executive Board noted the additional information set out in the attachment provided in document EB 2010/101/R.2/Add.1, as requested by the Audit Committee during its review of IFAD’s 2011 administrative budget documentation on 5 November 2010. It was further noted that the detailed budget allocation tables contained in the main body of the document would be revised to reflect the changes to the high-level figures for the budget. Having identified a discrepancy between some of the figures contained in the table of the document and the main text on security expenditures for the headquarters, the Board was reassured that the numbers in the table were correct and that the discrepancies in the text would be corrected in the revised document (EB 2010/101/R.2/Rev.1).

16. The Executive Board approved the submission of the thus amended document to the thirty-fourth session of the Governing Council in February 2011, recommending further that, in light of the particular carry-forward requirement of the cluster 1 element of the administrative budget (into which the Programme Development Financing Facility [PDFF] has been integrated), the Governing Council approve that unutilized appropriations not exceeding 6 per cent of the cluster 1 element of the approved 2010 administrative budget be carried forward into the 2011 financial period. The Board noted that the application of this last provision was proposed on a one-off basis to the 2010 administrative budget as a means of fully integrating the PDFF into the administrative budget.

17. Commenting on the late receipt of the corrigendum, the Board suggested that the discussion of the budget could in future be moved to a later point in the session’s schedule of work, in order to allow for more in-depth consideration of such additions. However, the Board was informed that consideration and approval of budgets were commonly the starting point of such meetings, as they laid the groundwork for the issues to be discussed later on. The Board concurred with this view.

18. With regard to IOE’s results-based work programme and budget for 2011 and indicative plan for 2012-2013, the Executive Board lauded the saving that had been achieved, while also expressing the wish for further efficiency savings not linked to internal reallocations of functions. The Board also noted the clarification contained in
the addendum with regard to IOE’s results-based work programme and budget for 2011 and indicative plan for 2012-2013, and approved the work programme as contained in document EB 2010/101/R.2 and, furthermore, recommended the approval of the budget to the thirty-fourth session of the Governing Council, with the inclusion of the above-mentioned amendment.

19. The representative for Germany queried several cost increases, in particular those relative to the administrative budget as well as those foreseen for an external session of the Consultation on the Ninth Replenishment of IFAD’s Resources (US$542,000) and for the external chair, proposing a reduction of the budget (US$250,000) to US$100,000 for the latter. Subsequent to the responses by IFAD Management, the Representative asked that Germany’s abstention be recorded.

20. The representative for Italy pointed to the current situation wherein Italy is seeking to rationalize and contain public expenditure and stated that this should be reflected in all the institutions in which Italy is a member. He therefore wished to place on record that Italy would have to abstain. However, he noted that this abstention was not entirely IFAD-specific, but part of a broader message that Italy wishes to convey to all institutions in which it participates.

21. Finally, the Executive Board recognized the difficulty of quantifying specific expenditures with respect to gender, but requested that this issue be looked into. The Board also noted that further information on the administrative cost and incomes related to the administration of supplementary funds, which were currently accounted for separately in the IFAD financial statements, would be provided in the future.

C. Establishment of the Consultation on the Ninth Replenishment of IFAD’s Resources (agenda item 4)

22. The Executive Board considered the Establishment of the Consultation on the Ninth Replenishment of IFAD’s Resources (EB 2010/101/R.5), together with the document by sub-List C1 on behalf of List C on the Representation of List C in the Consultation on the Ninth Replenishment of IFAD’s Resources (EB 2010/101/R.5/Add.1). The Board approved the appointment of Mr Johannes F. Linn, whose curriculum vitae had been circulated as EB 2010/101/C.R.P.1, as Chairperson of the Consultation on the Ninth Replenishment of IFAD’s Resources. The Executive Board also approved the submission of document EB 2010/101/R.5 to the thirty-fourth session of the Governing Council in February 2011, with the draft resolution contained therein amended to reflect the appointment of Mr Linn.

23. With regard to the proposal presented by sub-List C1 on behalf of List C on the Representation of List C in the Consultation on the Ninth Replenishment of IFAD’s Resources, the Executive Board engaged in an open and fruitful discussion, with diverging views being expressed on the merits of enlarging such representation. The Board reached a majority compromise solution, after prolonged consultation among the three Lists. The Executive Board therefore approved the participation of 18 members of List C together with the relevant amendment to the draft resolution to be submitted to the thirty-fourth session of the Governing Council. This compromise solution was reached in the understanding that there shall not be observer Member States.

D. Evaluation (agenda item 5)

(a) Reports of the Chairperson of the Evaluation Committee

(i) Report of the Chairperson on the sixty-fourth session of the Evaluation Committee

(ii) Report of the Chairperson on the sixty-fifth session of the Evaluation Committee
24. The Executive Board reviewed the reports on the sixty-fourth and sixty-fifth sessions of the Evaluation Committee (EB 2010/101/R.6 and EB 2010/101/R.7), as well as the Report of the Chairperson on the progress report on the implementation of the recommendations of the Peer Review of IFAD’s Office of Evaluation and Evaluation Function (EB 2010/101/R.8) and noted the information contained therein.

25. The Executive Board also welcomed the Evaluation Committee’s decision to provide regular updates on the implementation of the findings and recommendations of the Peer Review.

(b) Corporate-level evaluation of IFAD’s performance with regard to gender equality and women’s empowerment

26. The Executive Board reviewed the Corporate-level evaluation of IFAD’s performance with regard to gender equality and women’s empowerment together with Management’s comments on the evaluation (EB 2010/101/R.9 and EB 2010/101/R.9/Add.1). Having already engaged in full and productive discussions on this evaluation at an informal seminar held on Monday, 13 December 2010, the Executive Board welcomed and commended the quality of this comprehensive evaluation, noting the information contained therein. The Board called on Management to maintain its positive and proactive response to the evaluation, and welcomed the commitment to allocating adequate resources to this issue. For its part, the Executive Board expressed its commitment to continue active engagement in mainstreaming gender within the organization.

27. The Executive Board endorsed the recommendations contained in the document and welcomed IOE’s commitment to continue working on the corporate working paper on business processes in order to develop further the evaluation’s recommendations on human resources and culture change. Furthermore, the Board requested that the output resulting from this work inform the development of the gender policy, as well as the President’s Report on the Implementation Status of Evaluation Recommendations and Management Actions (PRISMA). Finally, the Executive Board reiterated that it looked forward to considering an evidence-based gender policy in 2011, and encouraged IFAD to pursue the most participatory approach possible in the policy’s design.

(c) Annual Report on Results and Impact of IFAD Operations (ARRI)

28. The Executive Board reviewed the Annual Report on Results and Impact of IFAD Operations (ARRI), together with Management’s response thereto (EB 2010/101/R.10 and EB 2010/101/R.10/Add.1). The Executive Board commended the quality of the report, especially the inclusion and clear presentation of “why” factors. Having taken note of the information contained in the ARRI, the Executive Board endorsed the recommendations contained in paragraph 226, welcoming Management’s commitment to following up on these.

29. With reference to the ARRI’s comments regarding the Results Measurement Framework 2010-2012 targets on effectiveness, efficiency and sustainability, the Executive Board called for further engagement by Management. The Board requested more detailed information on follow-up actions undertaken with regard to ARRI recommendations on those issues and expressed a wish to see specific reporting on this at the next Board session. During the discussion, better cooperation and partnerships (including with the private sector) and simplification of internal procedures were among the possible steps identified for increased efficiency gains.

30. The Board was reminded of the difference between internal efficiency and project efficiency. While the former was being addressed through the ongoing restructuring and re-alignment of IFAD, the latter was being addressed through increased focus...
during the project and programme design process. The issues of effectiveness and sustainability were also being addressed through, inter alia, increased quality enhancement and assurance activities, direct supervision and the upcoming policy on environment and natural resources.

31. On the question of government ownership, the Executive Board recognized the importance of this but agreed with Management’s practice of tracking this issue while not setting targets or assigning ratings in this respect.

E. Report on IFAD’s Development Effectiveness (RIDE) (agenda item 6)

32. The Executive Board reviewed the Report on IFAD’s Development Effectiveness (RIDE) together with IOE’s comments (EB 2010/101/R.11 and EB 2010/101/R.11/Add.1) and noted the information contained therein. The Executive Board underlined the quality of both the document and the data presented, but welcomed the commitment to include key-point summaries in future editions of this report.

33. Furthermore, the Executive Board recognized the quality and value of the current selection of annual reports submitted by Management and IOE. However, considering the number of regular reports and their volume, the Board welcomed the suggestion to consider this issue together with Convenors and Friends. This discussion would take place with a view to possibly rationalizing future reporting.

F. IFAD Strategic Framework 2011-2015 (agenda item 7)

34. The Executive Board reviewed the IFAD Strategic Framework 2011-2015 (EB 2010/101/R.12). While welcoming the inclusive and extensive consultation undertaken in the preparation of this document and noting the resulting quality improvements, the Executive Board noted that the status of submission had been changed from approval to review at the request of Convenors and Friends.

35. The Executive Board recognized that this was a vital document which could entail a major strategic reorientation for IFAD. The Board therefore requested explanation and revisions, where necessary, inter alia, on targeting; the private sector’s role and relations with IFAD; IFAD’s role in the development architecture; the areas in which IFAD will not be involved; a definition of IFAD’s role vis-à-vis other institutions (such as the regional development banks); and the relation between the Strategic Framework and other policy papers. The Executive Board requested that the Strategic Framework also include a statistical annex on rural poverty, possibly drawing on the important work contained in the Rural Poverty Report 2011. Finally, the Executive Board requested that the language used in relation to the Millennium Development Goals be revised.

36. Discussing the way forward for this document, the Executive Board welcomed the proposal to discuss a revised version of the document, taking into account the points raised during the Board’s review at an informal seminar to be arranged as early as possible in 2011. The Board also requested that, following inclusion of the input received during such informal seminar, a final version of this document be prepared for approval at its 102nd session, in May 2011.

G. Revision of the Lending Policies and Criteria (agenda item 8)

37. The Executive Board considered the Revision of the Lending Policies and Criteria together with the corrigendum thereto (EB 2010/101/R.13 and EB 2010/101/R.13/Corr.1, to be revised as EB 2010/101/R.13/Rev.1). Having heard a summary of the Audit Committee deliberations on this proposal, the Executive Board noted the necessity for these revisions, in order to align the Lending Policies and Criteria with the rest of IFAD’s policy framework.

38. In accordance with resolution 158/XXXIII, the Executive Board approved the submission of the document, together with the draft resolution contained in
paragraph 20 of the document, as amended by the corrigendum, to the thirty-fourth session of the Governing Council in February 2011.

39. The Board also approved the amendment to paragraph 14 in annex II of Policies and Criteria for IFAD Financing, as contained in EB 2010/101/C.R.P.2 and agreed that in transmitting the document to the Governing Council, the Policies and Criteria for IFAD Financing contained in annex II of EB 2010/101/R.13 would replace the main body of the document which, in turn, would be added as an annex.

40. The Executive Board noted the abstentions of the Bolivarian Republic of Venezuela and Germany.

H. IFAD’s engagement with middle-income countries (agenda item 9)

41. The Executive Board reviewed the document on IFAD’s Engagement with Middle-Income Countries, together with IOE’s comments thereon (EB 2010/101/R.14 and EB 2010/101/R.14/Add.1) and welcomed the inclusive and extensive consultation undertaken in the preparation of this document. The Board recognized that the presentation of a policy on engagement with middle-income countries formed a commitment under the Eighth Replenishment Consultation and noted that the status of submission had been changed from approval to review at the request of Convenors and Friends.

42. During a lively and productive discussion, diverging views were expressed on the proposal, inter alia, in relation to the proposed criteria used for defining middle-income countries, the proposed future interaction of the Fund with middle-income countries; and the options concerning graduation. In the face of this divergence, it was not possible for the Executive Board to find a common position with regard to the proposed options for IFAD’s engagement with middle-income countries.

43. In order to facilitate a convergence of opinions and reaching of a consensus, the Executive Board agreed that a finalized version of this document should be prepared, taking into account the points raised during the Board’s review, and presented to the Board for approval at the 102nd session, in May 2011. Furthermore, the Board noted that this updated version would first be shared with the Evaluation Committee at its next session in February 2011 and that the Committee’s discussion thereon would be taken into account. Finally, the Executive Board was informed that IOE would provide comments on the finalized version of the document as well. An informal seminar would be scheduled prior to the next Executive Board session, in order to discuss a revised version of this document. Paragraph 16 in the present document would be taken out and dealt with separately.

I. Progress report and activity plan for IFAD’s country presence (agenda item 10)

44. The Executive Board considered the Progress report and activity plan for IFAD’s country presence (EB 2010/101/R.15 and EB 2010/101/C.R.P.3). It welcomed the progress report on the implementation of current country presence initiatives and took note of the information contained therein. Furthermore, the Board noted the positive impact of country presence on IFAD-supported projects and programmes.

45. However, having considered a draft of the country presence policy and strategy at an informal seminar on 13 December, the Executive Board wished to highlight the questions and concerns raised during that discussion, including the need to agree clear criteria for opening and closing country offices and the terms of reference thereof and a clear country presence strategy prior to any further expansion. The Executive Board also underlined the importance for a detailed country policy to underpin and define the strategy behind IFAD’s country presence.
46. The Executive Board, while noting a concern presented by Indonesia, therefore requested that, in order to proceed with country presence in a structured fashion, the establishment of further country offices be postponed until after the presentation of the country presence policy at the 102nd session of the Board in May 2011.

J. **Progress report on IFAD’s participation in the Heavily Indebted Poor Countries Debt Initiative (agenda item 11)**

47. The Executive Board considered the progress report on IFAD’s participation in the Heavily Indebted Poor Countries Debt Initiative (EB 2010/101/R.16) and approved the proposed contribution to the reduction of the debt of the Comoros to IFAD in accordance with the terms of the resolution contained in paragraph 24 of the document. The Board noted that the President of IFAD had transferred from IFAD’s internal resources to the Trust Fund account an amount equivalent to US$30 million. The Executive Board also noted the status of implementation of the Debt Initiative and IFAD’s participation therein. Finally, the Board endorsed the submission of the progress report, appropriately revised, to the thirty-fourth session of the Governing Council in February 2011.

K. **Country strategic opportunities programme: Senegal (agenda item 12)**

48. The Board reviewed the country strategic opportunities programme (COSOP) for Senegal (EB 2010/101/R.17) and agreed with its two proposed strategic objectives. While praising the quality of the document and the participatory approach used in its preparation, the Executive Board commented that the results indicators used should be more gender-sensitive, as rural women produce over 80 per cent of the country’s food.

49. The Executive Board was informed that the presentation of the progress report on the COSOP for Afghanistan had been postponed to the 102nd session of the Board in May 2011.

L. **Resources available for commitment (agenda item 13)**

50. Having considered the resources available for commitment (EB 2010 101/R.18 and its addendum), the Executive Board noted that estimated net inflows for the period from 1 January to 31 December 2010 were in the order of US$575.6 million. With loan and grant commitments amounting to US$874.7 million and an already approved advance commitment authority of US$75.3 million, an additional advance commitment authority of US$223.8 million was therefore required.

51. The Executive Board therefore adopted the recommendation on the use of advance commitment authority contained in the addendum to the document and authorized the President to conclude agreements for loans and grants approved by the Board at its 101st session in December 2010 and for those to be approved through the lapse-of-time procedure.

M. **Project/programme proposals for consideration by the Executive Board (agenda item 14)**

52. In accordance with the decision made at its 100th session in September 2010 to allow a single representative from each of the five regions covered by IFAD’s operations to attend proceedings as a silent observer, the Executive Board welcomed the representative for East and Southern Africa, His Excellency Wilfred J. Ngirwa, Ambassador, Permanent Representative of the United Republic of Tanzania to IFAD.

53. The Board was provided with an oral report on the status of effectiveness of proposals approved at previous sessions. The Executive Board noted that, with respect to the National Rural and Entrepreneurial Development Programme in Costa Rica, delays had
been extensive and Management had decided to cancel the approved loan altogether. The administrative process to cancel the loan was under way.

54. The Executive Board considered the following project/programme proposals:

(a) West and Central Africa

(i) Chad: Rural Development Support Programme in Guéra (PADER-G)

55. The Executive Board considered the programme proposal contained in document EB 2010/101/R.19 with its addendum and negotiated financing agreement, and adopted the following resolutions:

“RESOLVED: that the Fund shall make a loan on highly concessional terms to the Republic of Chad in an amount equivalent to five million seven hundred thousand special drawing rights (SDR 5,700,000), and upon such terms and conditions as shall be substantially in accordance with the terms and conditions presented herein.

A request was received for the Executive Board to consider the non-CGIAR grants “Increasing the Impact of the Africa Enterprise Challenge Fund – Alliance for a Green Revolution in Africa (AGRA)” and “PRO Mercados – Market Access Programme for Rural Associative Micro-, Small and Medium-sized Enterprises in Central America – Guatemalan Exporters’ Association (AGEXPORT)” (EB 2010/101/R.63), which were originally submitted under the lapse-of-time procedure. The Board therefore reviewed the two proposals and adopted the following resolutions:

“RESOLVED: that the Fund, in order to finance, in part, the programme for Increasing the Impact of the Africa Enterprise Challenge Fund, shall make a grant not exceeding one million United States dollars (US$1,000,000) to the Alliance for a Green Revolution in Africa (AGRA) for a three-year programme upon such terms and conditions as shall be substantially in accordance with the terms and conditions presented to the Executive Board herein.

80. With regard to the grant to AGRA, whose submission to the Board had been requested by the representative for the United States, the Executive Board noted that IFAD’s involvement would endeavour to shift the Africa Enterprise Challenge Fund’s attention to small-scale farming.

81. With regard to the grant to AGEXPORT, the representative for the Bolivarian Republic of Venezuela requested that the following statement be added to the proceedings’ minutes:

"Due to the contents and the way this donation is presented, it is considered necessary to request further details about the transaction, since the summary made by IFAD implies that funding would be directed to support the development of marketing companies that will organize a producers’ network.

On this particular, we should pay attention to who will ensure the interests of the producers that could be exploited by the company.

Finally, it is important to assess whether this project follows the mandate of IFAD, considering that the donation is directed to a private NGO and not to a farmers’ association.”

85. Considering the proposal on the level of the General Reserve and the Committee’s recommendations thereon, the Board approved the maintenance of the General Reserve at its current level of US$95 million and decided that the Audit Committee should re-evaluate the adequacy of the General Reserve in early 2012, after the conclusion of the Ninth Replenishment Consultation, to capture the impact of new or emerging risks and the mitigation elements to be introduced.

(b) Workplan of IFAD’s Office of Audit and Oversight for 2011

86. The Executive Board considered the Workplan for IFAD’s Office of Audit and Oversight for 2011 (EB 2010/101/R.41). Having expressed some concern over the amount of work being planned and the size of IFAD’s Office of Audit and Oversight (AUO), the Board was reassured with regard to the adequacy of the human resources available to AUO to ensure the fulfilment of the ambitious workplan.

87. Furthermore, the Board took note of the Audit Committee’s recommendation that, while recognizing that the appointment of the Director of AUO was the remit of the President, the filling of this vacant post should take place through open competition. The Executive Board was assured that the Committee’s comments had been noted and would be considered. The representative for Sweden stated that the position of the Swedish Government was that the recruitment of the Director of AUO should be carried out by means of an open and transparent competitive process.

88. Finally, the Board confirmed the workplan as contained in the document presented.

The Board welcomed the progress made on setting up this Trust Fund and thanked the Government of the Kingdom of Spain and IFAD Management for the concerted effort displayed in successfully achieving the conclusion of negotiations.

91. Having requested the documentation on this item, the Executive Board welcomed the distribution of the oral update as document EB 2010/101/C.R.P.5 at the end of the

(e) Oral update on the IFAD residence

92. The Executive Board was updated on the IFAD residence and noted the developments since the last update to the Board in September 2010. It specifically welcomed the breadth of the information provided on, inter alia, the cost-savings achieved, the progress made in identifying alternative arrangements, the introduction of a voluntary cap on both rental and maintenance costs and the President’s initiative to take responsibility for maintenance costs as well as utilities costs, except for insurance, security, telephone and internet costs.

93. Having commended the President for the steps taken to rectify the situation and the transparency displayed throughout, the Executive Board welcomed the proposal to establish the Emoluments Committee to set out clear guidelines relative to the residence of the President of IFAD, as well as to examine emoluments in general.

94. The Board also recalled that the workplan of IFAD’s Office of Audit and Oversight for 2011, as in previous years, contained provisions for the recurrent audit of the expenditures of the Office of the President, which included the cost of the IFAD residence, and that it would report on the outcomes thereof. The proposal of Germany, supported by Denmark, to include in the next report of the External Auditor a chapter on the IFAD residence, did not reach consensus.

95. In light of the deliberations throughout the year, and the mechanisms in place and being set in motion, the Executive Board expressed the wish to consider this issue closed and the conviction that the deliberations and recommendations of the Emoluments Committee would draw a final line under the matter and safeguard IFAD from its repetition. In closing, the representative for Cameroon underlined the continued confidence the Board has in the President of the Fund.

Q. Progress report on implementation of the performance-based allocation system (agenda item 18)

96. The Executive Board considered the Progress report on implementation of the performance-based allocation system (PBAS) together with its addendum of total country scores and resulting allocations for the 2011 allocation period (EB 2010/101/R.45 and EB 2010/101/R.45/Add.1). The Board noted the minutes of the PBAS Working Group meetings included in the report.

97. Following a discussion on various details pertaining to the PBAS, the Board requested that the PBAS Working Group add to its programme of work for 2011 further analysis of the PBAS allocations, in particular with regard to such issues as formula variations for middle-income countries and GNI.

98. Finally, the Executive Board approved the submission of the progress report to the thirty-fourth session of the Governing Council in February 2011, with the necessary amendments due to factual errors identified during the discussion.

R. IFAD Medium-term Plan 2010-2012 (agenda item 19)

Noting the rolling nature of this document and the annual updates that would be provided to the Board at its first session of each year, the Executive Board looked forward to receiving an updated version at its next session in May 2011.

S. Annual Report on Quality Assurance in IFAD’s Projects and Programmes (agenda item 20)
100. Document EB 2010/101/R.47 on quality assurance in IFAD’s projects and programmes was presented to the Board for information purposes.

T. Change and reform update (agenda item 21)

(a) Update on change and reform implementation

(b) Human resources reform

101. The Executive Board considered the Update on change and reform implementation together with the Progress report on human resources reform (EB 2010/101/R.48 with its addendum and EB 2010/101/R.49) and noted the information contained in these documents. Specifically, the Board welcomed the process that has been undertaken to align human resources management with the achievement of Results Measurement Framework targets.

102. Recalling the discussion on the Progress report and activity plan for IFAD’s country presence, the Board underlined the importance of a sound strategy with regard to country office staff in order both to ensure efficiency and to maximize capacity development. In this regard, the Executive Board welcomed the clarification that establishing an effective country presence was an ongoing learning process and that country staff were currently being integrated into the IFAD contractual, performance measurement and rotation systems.

103. The Executive Board further reminded Management of the centrality of striving for equality in both gender and geographic representation and welcomed the assurances received that this was being taken into account in the ongoing recruitment process for Senior Management positions.

104. The Board also emphasized the importance of maintaining an open and inclusive dialogue with staff in managing reform processes. Assurances were given that consultations with the Staff Association had been initiated and were ongoing. Finally, the Executive Board encouraged IFAD to continue on what would prove a difficult but essential path to better human resources management and make up, keeping in mind that the size of the reform sought required a medium-term approach.

(c) Report on the special expenditure for the Voluntary Separation Programme for IFAD 2009-2010

105. The Executive Board considered the Special expenditure for the Voluntary Separation Programme for IFAD for 2009-2010 (EB 2010/101/R.50, to be revised as EB 2010/101/R.50/Rev.1) and noted the information contained in the document on the implementation status of the programme to date. However, the Board emphasized that the objective of the programme should be better defined and more clearly presented, and be accompanied by a specific strategy for its achievement. In particular, Board noted that this programme is a mechanism for achieving efficiency in overall institutional performance.

106. The Board further commented that the Voluntary Separation Programme should not serve as a bridge to retirement, but a tool to help achieve effective staff reform. Underlining this point, the Board emphasized that the scope of the programme was to aid the alignment of human resources with IFAD’s planned results. In this respect, it was assured that the second phase of the programme would, alongside the maintenance of its voluntary nature, also include possibilities for active encouragement of identified candidates in order to further staff alignment. Furthermore, Management would retain the right to review all applications and to request retention where appropriate. In this regard, the Executive Board also underlined the importance of recognizing the sensitive nature of the programme and hence the need to proceed through consultative and transparent procedures. In order to ensure the programme’s efficiency and effectiveness and success as a learning exercise, the Board called for a full status report, including lessons learned, to be
prepared and submitted to the thirty-fourth session of the Governing Council together with the resolution contained in the document

107. Following queries about the budget implications of this proposal, the Executive Board welcomed the clarification that the requested extension was not for the programme itself but for the implementation of the programme, as the candidates for 2010 could not be agreed upon until the end of the year and would therefore have to be released in 2011. The Board therefore approved the no-cost extension of the appropriation of the special expenditure for the Voluntary Separation Programme for IFAD for 2011, as contained in the document.

108. In closing, the Executive Board recommended that the draft resolution contained in the document be amended to include reference to the submission of a final report, including expenditures, to the thirty-fifth session of the Governing Council in 2012, as outlined in document EB 2010/101/C.R.P.7.

(d) Report on staff compensation and entitlements

109. Meeting in a closed session, the Executive Board noted the information provided by the external consultants, Birches Umeå AB. The Board had opportunity to interact both with the consultants and with representatives of the Executive Committee of the IFAD Staff Association. A number of members of the Executive Board expressed their appreciation for the consultative process, which it expected to continue to the extent possible. Several Executive Board representatives requested that IFAD Management present an elaboration of the three options mentioned in the document and a fourth option within the United Nations system for further consideration. In this regard, Management will be sharing a road map with the Board early in 2011, highlighting the proposed way forward.

110. It was also decided that Executive Board members would provide feedback on the issues outlined in document EB 2010/101/R.51 and in the report issued by the external consultants for consideration by Management. A paper will thereafter be shared with Board members in advance of an informal seminar to be organized prior to the 102nd session of the Board.

113. Having considered this issue, the Executive Board was informed that, following the Board’s approval at its ninety-ninth session in April 2010 of IFAD’s appeal of judgment No. 2867 of the International Labour Organization Administrative Tribunal to the International Court of Justice, the appeal was ongoing and the Board would be kept abreast of progress in this regard.

Recalling that the previous iteration of the Committee had encountered difficulties in terms of the limited time available for its deliberations, the Board discussed the possibility of establishing the Committee on a more permanent basis.

116. Following discussion of the work expected of the Committee, the Executive Board reiterated its wish to expand the remit of the Emoluments Committee to include the housing arrangements of the President of the Fund and the overall emoluments and other conditions of employment of the President as expressed in the discussion on the oral update on the IFAD residence and as contained in document EB 2010/101/C.R.P.4. As a result, the Board requested the amendment of the proposed resolution to reflect this expanded remit.

(c) Requested that future editions of this document also include the meeting dates of the World Bank and other IFIs.

(d) Minutes of the 100th session of the Executive Board

120. The Executive Board considered the amendments to the minutes of its 100th session (EB 2010/101/R.58) and approved the minutes with the amendments contained therein.
(e) **Application for non-original membership**

121. The Executive Board considered the application for non-original membership by the Republic of Hungary (EB 2010/101/R.59) and recommended its submission to the thirty-fourth session of the Governing Council in February 2011.

122. On a separate note, the Executive Board, while recognizing the usually full agenda of its December sessions and the scheduling difficulties arising from the proximity to the September session, asked that the amount, size and dispatch of documents be revisited and agreed to discuss this further in an informal meeting between the Secretary of IFAD and Convenors and Friends.

**Y. Closure of the session**

123. Returning to an issue raised during the September 2010 session of the Board, the President reiterated that IFAD has a culture of openness and transparency and that he would continue to pursue this modus operandi.

124. The Board was informed that Switzerland, Afghanistan and Pakistan had come to the end of their term of office as Alternate Members of the Executive Board, and noted that Switzerland would be replaced by Luxembourg, Afghanistan would be replaced by Cyprus and Pakistan would be replaced by Bangladesh. The Board thanked Mr Pio Wennubst, the new Head of Department of the Global Programme on Food Security, Swiss Agency for Development and Cooperation (SDC), for his work in the Executive Board and as List A Convenor since February 2010 and as List A co-convenor prior to this. The Executive Board also thanked Mr Abdul Razak Ayazi, Agricultural Attaché, Alternate Permanent Representative of the Islamic Republic of Afghanistan to IFAD; Mr Babar Yaqoob Fateh Muhammad, Additional Secretary, Ministry of Food and Agriculture of the Islamic Republic of Pakistan; and Mr Khalid Mehboob, the sub-List C2 Convenor and Honorary Adviser, Alternate Permanent Representative of the Islamic Republic of Pakistan to the United Nations Food and Agriculture Agencies in Rome for their contributions to the Board. Finally, the Board bade farewell to Ms María del Carmen Squeff, Minister, Alternate Permanent Representative of the Argentine Republic to IFAD and Ms Elizabeth H. Morris, Deputy Director, Office of Multilateral Development Banks, Department of the Treasury of the United States, thanking them for their invaluable contributions to the workings of the Board.

Executive Board — 101st Session
Rome, 14-16 December 2010

For: Approval
**Agenda**

As communicated to the Executive Board at its ninety-sixth session, the Chairperson of the Board – the President of IFAD – has proposed the implementation of a number of measures to enhance the effectiveness of the Executive Board.

Among these is the proposal that items presented for information will be discussed during a Board session only if deemed necessary by Management or at the specific request of a Board member. Such requests should be submitted in writing to the Secretary of IFAD three weeks before the Board session.

The schedule of work will include only items to be discussed during the Board session (i.e. items for approval, review or confirmation and items for information for which a written request for discussion at the Board has been received) and will be posted on the IFAD website two weeks before the session.

For ease of reference, each agenda item is assigned a letter to indicate the action required of the Board, as follows:

- **A** = For approval
- **I** = For information
- **R** = For review
- **C** = For confirmation

Representatives are invited to note rule 6 of the Rules of Procedure of the Executive Board relative to the distribution of documents:

> “...The four-week dispatch limit with respect to documents presented for and requiring action by the Executive Board at a session shall not be exceeded. However, if necessary, information relating to matters that do not require decisions by the Board, or additional information regarding projects, may be provided subsequently.”
