Executive Board — 104th Session Rome, 12-14 December 2011

For: **Approval**

Recommendation for approval

Pursuant to the Procedures for the Use of the Advance Commitment Authority (ACA), the President of the Fund is to report regularly to the Executive Board on the status of resources available for commitment, including the management of the ACA. At each session, the Executive Board is to approve the total resource commitment to be made through the ACA. Additional use of ACA is being requested for approval at this session of the Board for US\$304.2 million. The Executive Board is hereby requested to authorize the President to conclude agreements for loans and grants approved by the Board at its 104th session in December 2011 and for those to be approved through the lapse-of-time procedure.

Resources available for commitment

- 1. For the information of the Executive Board, and as stated in document EB 2011/104/R.12, Management has prepared an update of the estimated resources available for commitment under IFAD's Regular Programme. The aforementioned document had estimated additional advance commitment authority (ACA) of US\$253.6 million was required. Attachment III provides a further analysis of net flows from 1 January to 31 December 2011, currently estimated at US\$473.2 million. Taking into account the above net inflows for the twelve-month period; loan and grant commitments amounting to US\$1,083.9 million;² ACA of US\$306.5 million already approved by the Board, additional ACA amounting to US\$304.2 million is requested at this session of the Executive Board (attachment III). The difference in the additional ACA amount is mainly related to the inclusion of projects to be approved by lapse of time procedure in 2012, as explained in paragraph 2 below.
- 2. Attachment I provides details of loans and grants proposed to the current session of the Board for a total amount of US\$492.3 million. Based on the exchange rate in force as at 30 November 2011, such loans and grants amount to SDR 315.6 million. In addition, attachment II provides details of projects approved through the lapse-of-time procedure in the intersessional period September to December 2011. Attachment II also provides an indicative list of projects to be approved through the lapse-of-time procedure in the intersessional period January to April 2012 for the 2012 programme of loans and grants.

Recommendation

3. Based on the estimated resource position as at 31 December 2011, the Executive Board, having regard to article 7, section 2(b) of the Agreement Establishing IFAD and noting estimated net inflows for the twelve-month period to 31 December 2011 amounting to US\$473.2 million and loan and grant commitments amounting to US\$1,083.9 million² and considering that ACA for US\$306.5 million has been already approved during the current year, notes that additional ACA amounting to US\$304.2 million is being requested for approval at this session of the Board. The Executive Board authorizes the President to conclude agreements for loans and grants approved by the Executive Board at its 104th session in December 2011 and for those to be approved through the lapse-of-time procedure, as tentatively indicated in attachment II of this document. In addition, the Board requests the President to report to the Executive Board at its next and subsequent sessions on the resources available for commitment, loans and grants approved, and the use of ACA.
