Executive Board —105th Session
Rome, 3-4 April 2012

For: Information

Report on the Ninth Replenishment of IFAD's resources

1. At its thirty-fifth session held on 22-23 February 2012, the Governing Council adopted Resolution 166/XXXV on the Ninth Replenishment of IFAD's resources. The annex to this document, which is an update of the Annex VI to the Report of the Consultation on the Ninth Replenishment of IFAD's Resources (GC 35/L.4) (updated to 14 March 2012), and sets out for each Member State the contributions paid to date and the pledges made to the Ninth Replenishment, is attached for the information of the Executive Board.
2. Paragraph I.(d) of the resolution specifies a period of six months after the date of adoption of the resolution in which Member States may pledge or increase their pledges to the replenishment and have those pledges taken into account in calculating the votes for the Ninth Replenishment. The target amount for the Ninth Replenishment is USD 1.5 billion of which USD1.035 billion (69 per cent) has so far been pledged.
3. In the event that the structural gap exceeds 15 per cent at the end of the six-month period for the creation of new votes specified in paragraph I.(d) of the resolution, the target level specified in paragraph I.(b) shall be adjusted so that the total amount of the pledges received at that date represents at least 85 per cent of the target level. To reach such a percentage, as of 14 March 2012, further contribution pledges in the amount of USD 240 million are required.
4. Member States are accordingly encouraged to notify IFAD of their pledges to the Ninth Replenishment as soon as possible and, in any event, before 23 August 2012.
5. Member States are also encouraged, in accordance with paragraph VI of the resolution, to make advance payments of their contributions prior to the effectiveness of the replenishment. The replenishment will come into effect, in accordance with paragraph V.(a), once Member States have deposited instruments of contribution relating to their contributions with the Fund in the aggregate total amount equivalent to at least 50 per cent of the total contributions to the replenishment of all Member States.
