The paragraph should read:

~~"IFAD values the strategic direction and oversight provided by the Executive Board and is committed to enhancing dialogue between Management and Member States. Several actions are being taken and planned to this end, including: periodic Board retreats with the participation of IFAD Management (the next retreat is being planned for the first quarter of 2019); frequent consultation with Convenors and Friends on Board matters and related governance issues; dedicated annual Board visits to IFAD country programmes; enabling the participation of more than one delegate from Member States in Board meetings; and measures to improve efficiency in the sessions of the Board (including timely provision of documents and restricting the length of Management introductory remarks on Board documents). Annual informal joint meetings of the FAO Council and the IFAD and WFP Boards have been initiated as a means for the RBAs to discuss issues of mutual interest. Moreover, more frequent and structured exchanges are now being held among the chairs of the FAO Council, IFAD Board and WFP Board."~~
