For: Approval

Recommendation for approval

The Executive Board is invited to approve the Matrix of Issues and Actions to Strengthen IFAD's Governance contained in the current document.

Fourth Executive Board Retreat: Matrix of Issues and Actions to Strengthen IFAD's Governance

1. In response to the request made by Executive Board representatives after the second Board retreat in April 2016, the Office of the Secretary (SEC) has regularly prepared a matrix to reflect the issues and actions agreed upon during the Board's annual¹ retreats for the Board's review and approval.
2. The current matrix is based on the version approved by the Executive Board at its 121st session in September 2017.² It includes an update on the issues contained therein, as well as on issues derived from the Report of the Proceedings of the Fourth Retreat of the IFAD Executive Board,³ with input from the List Convenors. It is to be seen as a living document, to be updated as needed.
3. The actions listed in the matrix are intended to strengthen collaboration between the Executive Board and Management and lead to an enhanced and constructive working partnership.
4. The matrix will be updated again for approval by the Board after its fifth retreat in 2019. In the interim, Convenors and Friends may update the matrix as required, based on their discussions.
5. The Executive Board is thereby invited to consider, and approve, the Matrix of Issues and Actions to Strengthen IFAD's Governance, as included in the current document.

The updated questionnaire was distributed at the September Board session in 2018 	<p>Updated questionnaire distributed at EB124 in September 2018</p> <p>Fifth retreat of the Executive Board in 2019 for stocktaking of feedback provided at EB124, EB125 and EB126</p>	<p>SEC</p> <p>Convenors and Friends</p>

SEC will update the dedicated page on the Member States Interactive Platform (MSIP) to clarify the important role played by the Convenors and Friends in facilitating efficient and effective governance, and promoting consensus-building and knowledge-sharing among members and between Membership and Management 	SEC to update the Convenors and Friends page and present it to a Convenors and Friends meeting	<p>SEC</p> <p>Convenors and Friends</p>
