Comments from India	Management response
<p>The management is requested to take necessary actions to implement the recommendations of the evaluation report so as to improve the overall performance of the COSOP of Morocco as well as cross-cutting issues related to the COSOPs of other countries.</p>	<p>Management takes note of the recommendation of India in relation to the country strategy and programme evaluation (CSPE) for Morocco and confirms that as per paragraph 6 of the Comments of the Independent Office of Evaluation of IFAD on the Country Strategic Opportunities Programme for the Kingdom of Morocco (EB 2021/134/R.28/Add.1), “[the COSOP] is sufficiently results-oriented and focused on key challenges, and covers most (if not all) the CSPE recommendations”. Furthermore, the same document from the Independent Office of Evaluation of IFAD (IOE) concludes by confirming that: “IOE appreciates that the new COSOP for the Kingdom of Morocco really builds on the findings of the CSPE and addresses its recommendations”.</p> <p>Management reaffirms its commitment to implement the recommendations in the context of the implementation of the new COSOP for Morocco.</p>
