**INTERNATIONAL FUND FOR AGRICULTURAL DEVELOPMENT**  
**Executive Board – Seventy-Ninth Session**  
Rome, 10-11 September 2003

**REPORT ON THE SIXTH REPLENISHMENT OF IFAD'S RESOURCES**

1. **Adoption.** Resolution 130/XXVI on the Sixth Replenishment of IFAD's Resources was adopted by the Governing Council on 19 February 2003. The period of the Sixth Replenishment is defined by the Resolution as "the three-year period commencing 1 January 2004 and ending on 31 December 2006".
2. **Additional pledges.** Paragraph II.3(b) of the Resolution established the target level of the Sixth Replenishment as USD 560 000 000. Pledges of contributions made at the date of adoption of the Resolution amounted to USD 460 857 318, including complementary contributions. Paragraph II.4(b) of the Resolution provides for a period of six months, from the date of completion of the Resolution (i.e. 18 August 2003), in which Member States may make or increase their pledged contributions to the Sixth Replenishment. Pledges received after that period would not count towards the creation of new votes under the Sixth Replenishment.
3. **Creation of new votes.** Under the voting system introduced on 20 February 1997 by Resolutions 86/XVIII and 87/XVIII, new votes are created for each replenishment. They are allocated on a basis similar to the Original and Fourth Replenishment votes and are divided between membership and contribution votes. However, at the time of the adoption of Resolution 130/XXVI, it was not possible to allocate the votes in paragraph IV.19, as the final total amount pledged to the Sixth Replenishment was not yet known, for the reasons stated in paragraph 2 above.

4. As of 18 August 2003, the final total pledged for the Sixth Replenishment was USD 466 036 872, not including an amount of USD 26 790 487 in complementary contributions, pledged under paragraph II.4(d) of Resolution 130/XXVI, that is not eligible for the purpose of calculating contribution votes.

5. Applying the formula specified in Article 6, Section 3(a)(ii), of the *Agreement Establishing IFAD*, 100 votes are created for every USD 158 million of convertible currency contributions pledged. Thus, for the Sixth Replenishment, the amount of USD 466 036 872 creates 294.960 votes (“Sixth Replenishment Votes”). This total is fixed and will not be altered by any change in the membership of the Fund or additional pledges to the Sixth Replenishment. However, the distribution of these votes may change in either event.

6. In accordance with paragraph IV.19(c) of the Resolution, the membership and contribution votes became effective from 19 August 2003.

7. The Executive Board is therefore invited to complete paragraph IV.19 of Resolution 130/XXVI, which would read as follows (where an amendment is made, the text to be added is underlined):

**“Allocation of New Votes for the Replenishment**

In accordance with Section 3(a)(ii) of Article 6 of the Agreement, two hundred and ninety-four point nine six zero (294.960) new votes are hereby created for the Replenishment (“Sixth Replenishment Votes”). Those votes shall be distributed as follows:

- (a) **Membership votes.** One hundred and twenty-five point two zero four (125.204) votes shall be allocated as membership votes, with each Member receiving an equal number of the said votes. Upon any change in the number of Members of the Fund, the one hundred and twenty-five point two zero four (125.204) votes shall be redistributed upon the same basis. Column D-1 of Attachment C to this Resolution, as it may be amended from time to time, specifies the current distribution of Sixth Replenishment membership votes.
- (b) **Contribution votes.** The remaining one hundred and sixty-nine point seven five six (169.756) votes shall be allocated as contribution votes to each Member in the proportion that each Member’s paid contribution, valued in USD at the effective rate for the Replenishment, to the additional contributions made under the Replenishment, as specified in paragraph II.4(a) of this Resolution and as amended by paragraph II.4(b) of this Resolution, bears to the aggregate of the total contributions made by all Members to the Replenishment. For that purpose, a paid contribution shall be deemed to be only the part of a contribution of a Member actually paid to the Fund, in accordance with paragraph IV.20 of this Resolution. Column D-2 of Attachment C to this Resolution, as it may be amended from time to time, specifies the potential Sixth Replenishment contribution votes for each Member if all Members pay the pledges specified in Column B-2 of Attachment A to this Resolution. Column D-3 of Attachment C to this Resolution, as it may be amended from time to time, specifies the actual Sixth Replenishment contribution votes of each Member.
- (c) **Effectiveness.** The allocation of the two hundred and ninety-four point nine six zero (294.960) votes, as specified in provisions (a) and (b) above, shall enter into effect upon the date on which the period specified in paragraph II.4(b) of this Resolution shall come to an end.”

8. **Status of pledges.** The current status of contributions to the Sixth and earlier replenishments as at 18 August 2003 is set out in an updated version of Attachment A to Resolution 130/XXVI (attached). Documents EB 2003/79/R.9 and EB 2003/79/R.9/Add.1 set out the status of pledges made, instruments of contribution deposited and payments in cash and promissory notes made to the Sixth Replenishment of IFAD's Resources.

9. **Effectiveness.** In accordance with paragraph II.7(a) of Resolution 130/XXVI, the Sixth Replenishment will become effective on the date "...upon which the instruments of contribution relating to contributions from all the Members have been deposited with the Fund in the aggregate total amount equivalent to at least fifty per cent (50%) of the total contribution to the Replenishment of all such Members...". The payment of a contribution without the deposit of an instrument of contribution also counts, in practice, as equivalent to the deposit of an instrument of contribution for the amount paid. As at 3 September 2003, 32.4% of the total contributions to the Sixth Replenishment had been matched with the deposit of instruments of contribution and payments.
