Page 2, paragraph 7

“IFAD will directly supervise the programme. There will be two detailed supervision
missions during the first programme year (2009/2010) for RaSSFiP. Thereafter, one supervision mission and one follow-up mission will be fielded each year for IRPEP.”

Page 3, paragraph 13
The second sentence should read:
“The objective of RaSSFiP is increased paddy production in targeted provinces of regions 5, 6, 8 and 10, and other provinces under the 2009-2013 Rice Self-Sufficiency Plan, during the 2009/2010 cropping seasons.”

Page 4, paragraph 18

Page 5, paragraph 24
The paragraph should read:

It will be financed by an IFAD loan of US$15.90 million (about 37.6 per cent of the programme cost); an EC grant of US$13.15 million equivalent (31.1 per cent); a financier to be identified for US$0.5 million (1.2 per cent); a FAO technical assistance grant of US$0.50 million (1.2 per cent); a Government contribution of US$9.82 million (23.3 per cent); contributions from local government units of US$1.97 million (4.7 per cent); and an in-kind beneficiary contribution of US$0.40 million (0.9 per cent).”

Thus, about 1,116,319 households (about 5.6 million people) will benefit from the certified inbred seeds.”

Page 5, paragraph 26
The paragraph should read:
“The economic value of the incremental paddy production (385,800 tonnes of paddy or 243,054 tonnes of milled rice), as a result of the certified inbred paddy seed distribution under RaSSFiP, is PHP 7,624.5 million or US$165.75 million. This represents a saving in rice imports of US$165.75 million. The return to labour will increase from PHP 470 per man-day per season to PHP 501 with the rehabilitation of CISs under the IRPEP. The programme’s overall economic internal rate of return is estimated at 16 per cent for the base case. Cost increases of 10 per cent and 20 per cent would reduce the rate of return to about 14 per cent and 12 per cent, respectively.”
