A proposal prepared for the Evaluation Committee identifying how the detailed data available in IFAD's financial systems could best be analysed in the context of a results-based budget to strengthen its financial oversight of OE. | Office of Evaluation with support of the Finance and Administration Department |                     | 15-16 July 2010 | 8 October 2010 | 15-16 December 2010 | Completed | IOE WPB            | The Office of Evaluation reviewed the type of data available in IFAD's financial systems, and used them in monitoring its budget execution in 2010 and developing its results-based budget for 2011 following zero-based budgeting approach. The Office of Evaluation has provided significantly additional amount of financial data to the Evaluation and Audit Committees as well as Executive Board in 2010 <a href="#">and 2011</a> , to enhance their financial oversight of the Office of Evaluation. The Governing Bodies expressed their satisfaction with the data and information provided by the |

IOE has transparently provided a large amount of financial data in its work programme and budget document. IOE is also committed to undertaking the proposed biannual compliance review of IOE – in accordance with the Peer Review recommendation (see recommendation 12 in table 1). |

| <b>3. OE harmonises its approach to evaluation with that of Evaluation Cooperation Group good practice by basing OE's portfolio and project assessments more heavily on evidence drawn from validated Project Completion Reports.</b>                                |                                       |                     |                          |                                   |                                | Completed |  | This has been accomplished by transforming its project evaluation methodology and process, which will form the basis of the ARRI in 2011 onwards. See point 3a for details.   |
| a. The transition to validating Project Completion Reports (PCRs) should begin immediately with a target date to base the portfolio analysis in the 2011 Annual Report on Results and Impact of IFAD Operations on both validated PCRs and OE's project evaluations. | Office of Evaluation                  |                     | 15-16 July 2010 (review) | 8 October 2010 (review)           | 15-16 December 2010 (approval) | Completed | IOE's results-based work programme and budget for 2011 and indicative plan for 2012-2013 (IOE WPB) | The Office of Evaluation has developed a dedicated methodology and process for the validation of project completion reports (PCR) and project performance assessments (PPAs). A summary of the same is contained in an Annex of the 2011 work programme and budget document of the Office of Evaluation. The methodology was piloted in 2010 through 5 PCRVs and 1 PPA, which produced elements for fine tuning the methods and processes before end 2010. The same document also includes further information about PCRVs and PPAs (e.g., the number of PCRVs and PPAs to be undertaken per year, the time required, etc). As stated, review for 2011 has already begun. |
| b. Consistent with the ECG approach, management would take the lead for the Agreement at Completion Point process with strong input from OE.   | IFAD management, Office of Evaluation |                     |                          | 25-26 November 2010 (information) |                                | Completed | Note on Revised Process and Template for the Agreement at  | IOE and management have finalised a new template and process which will also bring changes in the consultation and drafting process, giving a more enhanced role to the   |

In fact, in 2011, IOE undertook a thorough self-assessment of its communication and knowledge management work, to find ways and means to strengthen the independent evaluation feedback loop, with the aim of enhancing IFAD's development effectiveness. See below comments for details.                           |
| a. Management also recognises the need for further enhancing the capture and sharing of knowledge generated from evaluation systems. The costed Action plan mentioned above <del>will</del> <a href="#">presented</a> broad strategies to achieve this goal.  |
| c. OE contributes more actively to IFAD knowledge management work. | Office of Evaluation            | 21 February 2011    | 3 March 2011 (review) | 19-20 April 2011 (review) | 10-12 May 2011 (approval) | Completed | EP, PB             | This recommendation is captured in the Evaluation Policy which was approved by the Board in its 102 <sup>nd</sup> session on 10-12 May 2011, and corresponding President's Bulletin (see recommendation 5 in table 1 for the timelines for the production of the President's Bulletin). Starting from 2011, IOE will not only participate in selected OSCs as in the past but also in key platforms that will enable it to share lessons and good practices based on evaluation. Efforts have already been deployed in 2010 <a href="#">and 2011</a> towards this end, for example, by participating in in-house seminars (e.g., on scaling up, middle income countries, etc) <a href="#">and corporate knowledge management events (e.g., knowledge fairs)</a> . |
| d. OE places more emphasis on knowledge management.                | Office of Evaluation            | 21 February 2011    | 3 March 2011 (review) | 19-20 April 2011 (review) | 10-12 May 2011 (approval) | Completed | EP, PB             | This recommendation is captured in the Evaluation Policy which was approved by the Board in its 102 <sup>nd</sup> session on 10-12 May 2011, and  |

| e. Greater OE engagement in existing IFAD mechanisms. | Office of Evaluation            | 21 February 2011    | 3 March 2011 (review) | 19-20 April 2011 (review) | 10-12 May 2011 (approval) | Completed | EP, PB             | This recommendation is captured in the Evaluation Policy which was approved by the Board in its 102 <sup>nd</sup> session on 10-12 May 2011, and corresponding President's Bulletin (see recommendation 5 in table 1 for the timelines for the production of the President's Bulletin). IOE is represented in the in-house policy reference groups to prepare the Fund's corporate policies, respectively, on gender and private sector development. The aim of IOE's participation in the policy reference groups is to clarify further the lessons and recommendations from the corresponding evaluations completed recently by IOE. |

OE identifies ways to improve further the quality through use of a broader range of evaluation approaches and methodologies.</b>   |                                 |                     |                       |                           |                           | Nearly completed |                    | A number of actions have been taken, which are documented in the below comments.  |
| a. Change product mix to devote more resources to higher-order evaluations, including those covering aspects of operational corporate management and institutional support for corporate management. | Office of Evaluation            | 21 February 2011    | 3 March 2011 (review) | 19-20 April 2011 (review) | 10-12 May 2011 (approval) | Completed        | EP, IOE WPB        | This is captured in the new Evaluation Policy which was approved by the Board in its 102 <sup>nd</sup> session on 10-12 May 2011, as well as in the annual IOE work programme and budget document. IOE has for years shifted its emphasis to higher plane evaluations (corporate level evaluations and country programme evaluations), which has been documented in the division's work programme over the years. Moving forward, for example, corporate level evaluations on efficiency (including both project and institutional efficiency), on supervision and implementation support, and on policy dialogue are in IOE's work plan for the coming years. IOE is also undertaking in 2011 greater number of country programme evaluations. |
| b. Avoid an overly standardised evaluation approach.   | Office of Evaluation            |                     |                       |                           |                           | Ongoing          |                    | IOE continues to invest greater efforts and resources to the preparation of the evaluation Approach Paper, which is the place where the evaluation  |

This is an ongoing practice.   |
| c. Place greater reliance on validated information generated by the self-evaluation system. | Office of Evaluation            | 21 February 2011    | 3 March 2011 (review) | 19-20 April 2011 (review)         | 10-12 May 2011 (approval) | Completed | EP, AP   | This is captured in the new Evaluation Policy which was approved by the Board in its 102 <sup>nd</sup> session on 10-12 May 2011, as well as in the costed action plan by the IFAD Management which will be discussed in the EC at its 68 <sup>th</sup> session on 12-13 July 2011 prior to submission to the Board. The 2011 ARRI will also be based <del>also</del> on data from the validation of PCRs. Management has already started supporting this process. The 2011 ARRI, as per standing practice, will be reviewed by the Committee and the Board. |
| d. Address issues related to ratings and measuring impact.                                  | Office of Evaluation            |                     |                       | 25-26 November 2010 (information) |                           | Completed | Note on new impact indicators to assess gender, scaling up, and climate change | IOE has made adjustments to the evaluation methodology to make evaluations rigorous and evidence based, and also address the emerging issues and priorities. In particular, IOE pays attention to reducing inter-evaluator variability by rigorous internal peer reviews and other methods. It is increasingly making use of control groups for impact assessment. Finally, IOE developed indicators for assessing gender, scaling up, and climate change, which has been shared with the Committee.   |
| e. Continue efforts to address better the <u>why</u> question.                              | Office of Evaluation            |                     |                       |                                   |                           | Ongoing   |  | Further efforts and resources will continue to be invested in understanding the proximate causes of performance. Individual evaluation reports also treat the why question in more detail. This will continue to be a standing practice.  |
| f. Strengthen OE's human resources in the areas of both evaluation expertise and operational experience through recruitment when vacancies arise, including encouraging the transfer of operational staff to OE, and through training and professional development of OE staff. | Office of Evaluation            | 21 February 2011    | 3 March 2011 (review) | 19-20 April 2011 (review) | 10-12 May 2011 (approval) | Completed | EP                 | IOE has been sending its staff to established evaluation training courses and will continue to do so in the future. Efforts are being made to encourage staff with background in operations to apply for vacancies in IOE. This is captured in the revised Evaluation Policy, which was approved by the Board in its 102 <sup>nd</sup> session on 10-12 May 2011. <a href="#">In fact, recently, an experienced CPM joined IOE as senior evaluation officer.</a>  |

The group has contributed, inter-alia, to developing customised system for consultants' appraisals, determining the level of effort for team leaders and mission members, as well as developed a clearer definition on the division of labour and responsibilities between IOE staff and consultants in undertaking evaluations in order to eliminate possible duplications. The group is |

| d. Develop practical ways to improve project level monitoring and evaluation, recognising that this will be a long-term endeavour, including considering whether it is feasible and necessary to undertake three surveys for every project as is envisioned in the design of the Results and Impact Management System. | IFAD Management                 |                     |                          |                         |                                | Ongoing   | AP                 | More grant resources will be invested in strengthening further the project level financial management and monitoring systems. The requirement for the RIMS mid-term survey is conditional now. It will be made fully optional henceforth.   |
| e. Identify the priorities and sequencing to request OE to evaluate systematically the various components of the self-evaluation system, using focused real-time evaluations   | IFAD Management                 |                     |                          |                         |                                | Ongoing   | AP                 | Management will work closely with IOE in undertaking such evaluations. IOE will do a CLE on supervision in 2012, and within the context of the CLE on efficiency in 2011 review selected components of the self evaluation system (e.g., quality assurance system).   |
| <b>7. OE improves its efficiency by using more cost efficient approaches, while enhancing quality and effectiveness, in carrying out its programme of work and more efficient ways of undertaking its work</b>   | Office of Evaluation            |                     |                          |                         |                                | Ongoing   |                    | Efforts have been made through the implementation of a dedicated Activity Plan to enhance the IOE's efficiency as well as enhancing the quality and effectiveness in carrying out its work programmes. See below comments for more details.   |
| a. Efficiency gains for the most part will come from doing things differently to achieve similar outcomes (e.g., validating PCRs; shifting support for the Evaluation Committee and for Executive Board field visits to the Secretary's Office; shifting responsibility for the  | Office of Evaluation            |                     | 15-16 July 2010 (review) | 8 October 2010 (review) | 15-16 December 2010 (approval) | Completed | IOE WPB            | Efficiency gains have been achieved through the transformation of IOE's project evaluation approach to PCR validations and PPAs, organizing simpler and less costly workshops with government taking the lead, and more systematic use of the evaluation manual. Savings come from the elimination of financial |

| b. Other measures include changes in the use of the hybrid model, using lighter evaluations when possible, streamlining evaluation processes and strengthening OE's internal management and administrative processes.   | Office of Evaluation            |                     |                          |                         |                                | Completed | EP, IOE WPB        | IOE has established a clearer division of labour between the consultants' team leader and the lead evaluation officer to eliminate possible duplication of tasks. IOE has also changed its approach to project evaluation to undertaking PCR validations and project performance assessments, which are less costly and can be undertaken more quickly. IOE has allocated fifty per cent time of one existing professional staff position to financial and administrative function. An activity plan to enhance IOE's financial systems, human resource management and administrative processes has been developed and is being implemented. |
| c. Some of these savings should be redeployed to other forms of evaluation activities (e.g., strengthening the feedback and learning loop, validating PCRs, preparing evaluation syntheses, and undertaking a greater number of lighter evaluations of a variety of policy issues and project assessments). | Office of Evaluation            |                     | 15-16 July 2010 (review) | 8 October 2010 (review) | 15-16 December 2010 (approval) | Completed | EP, IOE WPB        | See the work programme and budget for 2011 of IOE.   |
