Every year, on October 15, the UN's family of countries celebrate the social, economic, and political progress made by 1.7 billion women and girls who live in rural areas.

To coincide with the United Nations' International Day of Rural Women, the International Fund for Agricultural Development and Devex will host a virtual event to elevate the value these women and girls bring to their families and communities as well as others around the world even during the COVID-19 pandemic.

PLEASE STAY TUNED FOR MORE INFORMATION ABOUT THE EVENT.
