## IFAD

### INTERNATIONAL FUND FOR AGRICULTURAL DEVELOPMENT

#### Governing Council – Twenty-ninth Session

Rome, 15-16 February 2006

### PROGRESS REPORT ON IMPLEMENTATION OF THE PERFORMANCE-BASED ALLOCATION SYSTEM

#### ADDENDUM

1. The attention of the Governing Council is invited to the following addendum to the Progress Report on Implementation of the Performance-Based Allocation System (document GC 29/L.9).
2. The Executive Board reviewed the progress report in December 2005 and approved its submission to the Twenty-ninth Session of the Governing Council in 2006. The Board also recommended that the 2005 country scores and related 2006 country allocations be presented to the Governing Council and subsequently disclosed. Accordingly, the 2005 country scores and annual allocations are provided for the information of the Governing Council.
3. The attachment provides the outcome, for each regional division, of the country performance assessment and resource-allocation cycle. It gives the country scores (the column before last) and their conversion into annual United States dollar resource allocations (last column), based on the methodology prescribed in EB 2003/79/R.2/Rev.1 and the related conference-room paper EB 2003/79/C.R.P.3. The annual allocations per country and per regional division have been made within the 1999 approved regional lending shares. The country allocations are not to be understood as entitlements; they constitute a framework for resource allocation. The conversion of the allocations into actual commitments will continue to depend on the strategic value added of IFAD in each country and the availability of appropriate investment opportunities. Actual lending decisions will be consistent with IFAD's financial rules and regulations, such as the non-eligibility for new borrowing by countries in arrears.
