## CENTRE STAGE EVENT

### Young Entrepreneurs at the Heart of Transformation: From Vision to Impact

Youth entrepreneurship is emerging as a driving force in revitalizing rural economies and food systems, particularly in developing countries where demographic shifts and unemployment remain pressing challenges. Rural youth face structural barriers such as limited access to finance, markets, and support systems, yet they also bring innovation, energy, and digital skills that can accelerate transformation in agriculture and food value chains. Scaling catalytic investments in youth-led agri-food enterprises has the potential to create quality jobs and improve the livelihoods for millions of rural men and women.

#### Event Highlights

This session will highlight opportunities for investing in the next generation of rural youth and their enterprises. It will feature two Youth-Leader dialogues between senior policy makers, business leaders and inspiring young entrepreneurs to showcase success stories and discuss strategies to overcome barriers, and present Calls to Action developed by youth to spur rural youth employment and entrepreneurship, and enhance food security, economic growth and stability.

## Pre-Governing Council Youth Consultation

In the lead-up to the Governing Council a Youth Consultation was organized on 21 January 2026 to gather youth perspectives and inform the development of key priorities for youth and Calls to Action to be shared with IFAD and its Member States during the Governing Council. The consultation involved over 50 youth leaders and representatives from youth-led and youth-serving organizations, including IFAD's Rural Youth Alliances, WFF Youth Policy Board members, YPARD, WFO, GYBN, YOUNGO, GIYC, and CSAYN, IPAFA and FAFO.<sup>1</sup>

The themes discussed during the Youth Consultation and around which Calls to Action were developed include: (i) *Decent Employment and Opportunity in Agrifood Systems*; (ii) *Youth Entrepreneurship, Finance and Ecosystems*; (iii) *Access to Land, Resources, Assets and Infrastructure*; (iv) *Skills, Innovation & Digital Transformation*; (v) *Youth Agency, Representation & Policy influence*; and (vi) *Climate Resilience, Sustainability & Youth-led Innovation*.
