Higher level of
cofinancing
sustained
through better
planning and
delivery

- **Enhanced country ownership** key to higher levels of **domestic financing**
- **Systematic planning** and **partnering beyond finance** with IFIs and multilaterals
- Indicative targets reflected in **RB-COSOPs**

Leveraging private sector

Brokering partnerships and co-investment

Private sector is a key partner to scale-up impact and investments for smallholder farmers

- Private sector **co-design of investment programmes** to enhance ownership and commitment
- **Scale-up 4-Ps approach** in value chain projects
- **Establishment of SIF** to increase investment and engagement of private sector
- Better **monitoring** of private sector contribution

Leveraging knowledge

Better country capacity and policy engagement

IFAD11
FIDA11

Knowledge partnerships are fundamental to better country strategies and policies

- **SSTC** to promote knowledge-sharing and investments
- Systematic **RBA collaboration** across all aspects of country delivery
- **Increased contributions to non-lending activities** with UN system, IFIs and CSOs
- Empowering farmer organizations to enhance **ownership, accountability and transparency**

Leveraging global policy

Better policy engagement and empowerment

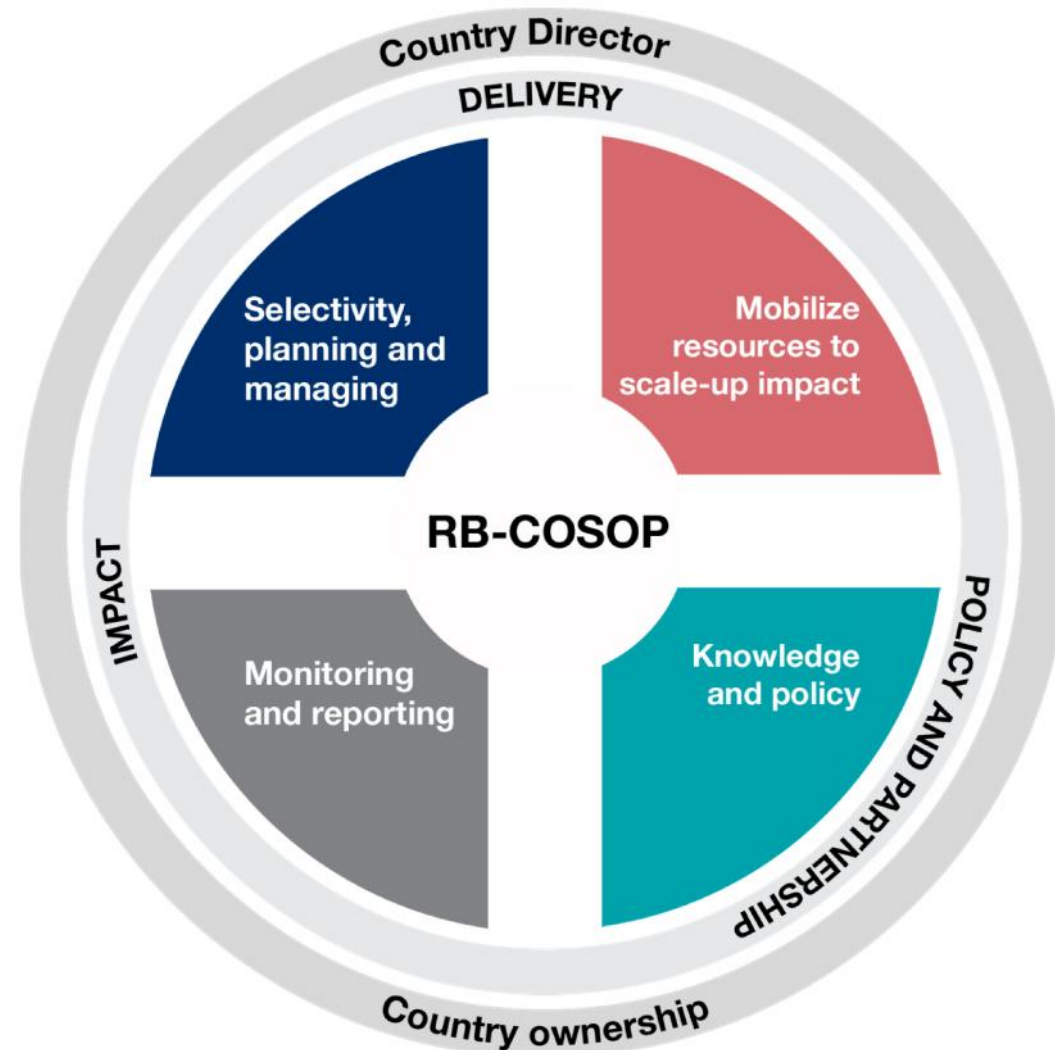

Promote policy outcomes and empower poor rural people's organizations to influence the global agenda

- **Planning and setting corporate priorities** for partnerships in global and regional fora
- **Building upon RBAs' comparative advantages** to develop and advocate for key policy issues
- **Multi-stakeholder partnerships** are effective for global policy influence
