

28 August 2018

Distinguished Governors,

On 14 February 2018, at its forty-first session, the Governing Council adopted resolution 203/XLI on the Eleventh Replenishment of IFAD's Resources and called for additional contributions consisting of core contributions, Debt Sustainability Framework (DSF) compensation contributions, unrestricted complementary contributions (UCCs) and the grant element of any concessional partner loan.

The target for the Eleventh Replenishment of IFAD's Resources (IFAD11) was set at one billion two hundred million United States dollars (US\$1,200,000,000) in order to support a target programme of loans and grants of three billion five hundred million United States dollars (US\$3,500,000,000). This target includes core contributions, UCCs and the grant element of any concessional partner loan, but excludes DSF compensation contributions. I am pleased to inform you that pledges received as at the last day of the six-month period following the adoption of the resolution by the Governing Council (i.e. 14 August 2018) amounted to US\$930,370,361, which represents 78 per cent of the target.

With regards to the creation of replenishment votes, a total of 585.901 IFAD11 votes have been created, of which 250.897 membership votes and 335.004 contribution votes. In accordance with section VII, paragraph 26 of the resolution, IFAD11 votes "shall be created in respect of core contributions, DSF compensation contributions and the grant element of any concessional partner loan provided under the Eleventh Replenishment". Such contributions amounted to US\$925,724,005 as at 14 August 2018.

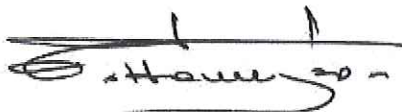

Finally, I am pleased to inform you that the Replenishment became effective on 14 August 2018. In accordance with section IV, paragraph 16 of the resolution, the Replenishment becomes effective on the date upon which instruments of contribution or payments made without an instrument of contribution related to additional contributions have been deposited or received by the Fund in an aggregate amount equivalent to at least 50 per cent of the pledges made by Members as at 14 August 2018. As at that date, instruments of contribution and payments not supported by such instruments had been deposited or made in an aggregate amount of US\$641,172,761, equivalent to 67 per cent of the total pledges received.

Provided herewith as attachments I and II, respectively, are an updated list of pledges received from Member States as at 14 August 2018, and a table showing the distribution of the IFAD11 membership and contribution votes, which will be included in a revised annex XI to the IFAD11 Report.

All Governors of the International Fund for
Agricultural Development (IFAD)

Allow me to take this opportunity to thank IFAD's Member States for their commitment to the Fund. I am greatly encouraged by the strong sense of ownership that our Member States have shown towards IFAD and I look forward to your continued support so that we can reach the IFAD11 target. Your contributions will be decisive in ensuring that IFAD can provide much-needed support to transform rural areas and invest in a better future for poor rural people.

Accept, Distinguished Governors, the assurances of my highest consideration.
